Washington, DC 20460

Dear Hon. Secretary,

My name is (b) (6) a volunteer (b) (6) within the (b) (6), Boy Scouts of America. This letter is to ask for your assistance in recognizing the achievements and service of Eagle Scout (b) (6), a resident of the (b) (6) communities and a member of (b) (6).

(b) (6) service project entailed the design and installation of storage shelving for the (b) (6) United Methodist Church. The Church had a fire in their basement storage area. After the fire cleanup and restoration, the storage area was a blank canvas. (b) (6) offered his leadership and management skills to transform the area into a well-organized room which several groups are now utilizing. The project took months of planning and a couple work days to execute. The goal of the project was to improve the usefulness of the room, which was extraordinarily accomplished thanks to (b) (6) efforts. In this project (b) (6) demonstrated the initiative, preparation, organization, and leadership signifying the high quality of character deserving of an Eagle Scout.

Would you please be so kind as to send (b) (6) a letter of congratulations, along with any other items you wished to be presented to him during a recognition ceremony in March 12, 2017 in the United Methodist Church of (b) (6) sanctuary?

Please address your letter and recognitions to Eagle Scout (b) (6), in care of the following address. All of the recognitions and letters will be compiled, placed in a binder, and presented to (b) (6) in the special ceremony.

(b) (6)

Thank you very much for taking time from your extremely busy work schedule to help this community and this unit recognize the personal achievement and service of Eagle Scout (b) (6) (b) (6)

Sincerely,

(b) (6)

(b) (6)

Dear The Administration of the Environmental Protection Agency

On March 12, 2017, Boy Scout (b) (6) A member of (b) (6), will be honored at a special court of honor for achieving the Eagle Scout Award, Boy Scouting's highest honor. In your position, I know you recognize the importance of this achievement in this young man's life.

To become an Eagle Scout, (b) (6) earned 26 merit badges and served his troop in a variety of leadership roles. He also completed a major community service projects, organized a 50-mile hike, and organized a summer camp in UTAH. (b) (6) is a freshman in college. (b) (6) is also part of different organizations here in (b) (6). He is a (b) (6); He is (b) (6). He was a member of the (b) (6). He also volunteers at our local VFW serving breakfast.

To make the ceremony even more special, we are compiling letters of congratulations from people like you. Would you please consider sending along such a letter, plus any other items you wish to have presented to him? Please send your items to the above address. We will put the letters receive in a scrapbook and present them at the ceremony.

Thank You so much for taking the time to help us honor this special young man.

Sincerely,

(b) (6)

February 11, 2017

Greetings!

It is my pleasure to announce that (b) (6) recently attained the rank of Eagle Scout and was recognized at an Eagle Award Investiture Ceremony held by (b) (6) at its charter organization, (b) (6) on January 22, 2017.

I respectfully request that you be so kind as to send to (b) (6) at the address below a letter of commendation recognizing this worthy achievement along with any other items that you may wish to have presented to him at his ceremony. All letters, certificates, and other mementos received by him will be meaningful reminders of his work and dedication on behalf of his troop, community, and country.

Thank you so very much for acknowledging this fine young man's achievement of the rank of Eagle Scout.

Yours in Scouting,

(b) (6)

20460-

Dear Secretary Pruitt,

I'm writing because I'm very excited to be a part of my University Covenant Church's Mexico Mission team this year. We will be heading to a migrant community south of Ensenada in Baja California and partnering with local churches in their work of compassionate outreach to this community. These churches are engaged in serving people in need in their communities through food programs, home visitations, health education, spiritual care, and more. We look forward to partnering with them as well as coming alongside them to encourage them and support them. Over 50 teenagers and adults from our church will be serving there during our spring break from March 24 - April 1.

Would you be willing to partner with us providing financial and/or prayer support? I'm hoping to raise \$450 as well as have the prayer support of a number of friends and family. I hope you will consider writing a check to fund this wonderful cause and returning it to me by Friday, March 3. Thanks!

Best regards,

(b) (6)

Dear Mr. Pruitt

I am requesting you to look into the current practice of our United States Air Force's chemical spraying our skies, known as "**Chem-Trails**". Societies have endured for untold centuries without this clandestine, poisonous practice.

What right do they have to invade our skies and who authorizes it?

Dear Rheal Suh,

I live in Lee County Virginia and I have witnessed the sadest thing I've ever witnessed in my 80 years of life. A couple years ago I was excited when at a railroad crossing I stopped to see 100 train cars filled with coal pass before me. This was happening every day! Everyone was working, paying bills. The coal truck drivers were making a good living, the train employees were working, our only hospital in our county had good doctors, who were taking care of our sick. Family owned businesses were thriving. Then our coal mines were forced to shut down!!

When our mines had to close down our miners were out of work, the coal truck drivers were out of work, the railroads had to lay off a bunch of employees, sick people couldn't pay for treatment, our only hospital closed, our nurses either had to quit or drive to out of our county to work, our small family owned businesses didn't have customers, so they had to close, kids quit school because they couldn't buy clothes to go to school. Some of our smaller schools closed. Some of the kids that didn't want to work in the mines moved away to Nobleville and Mooresville Indiana and Dayton, Ohio when they graduated in the sixties and seventies had just started coming back to Lee County and built beautiful new homes to retire in. When the hospital closed they were forced to go back up to live near hospitals.

Insurance workers couldn't sell insurance, people even had to drop their life insurance policies. Now when they die they don't have insurance or money saved up to pay the Funeral Homes, more people are dying at home. They can't afford to go out of state to the big hospitals, the money for the family to eat on or rent rooms to stay close to the hospitals. Funeral homes are about to close from lack of pay and big tax charges on what money they do take in.

I firmly believe Trump will see our pitiful situation here and in all the counties around us that are hurting and bring some kind of factories here for us. Almost every one is on Welfare or Social Security

Not only in Lee County but Wise County and Harlan County, Kentucky. It is a pitiful situation to not be able to use the very things God blessed us with to survive. It would be like living next to a lake and starving to death because we weren't allowed to fish or living in the country next to a woods and not being able to eat deer, and other small wild life.

Mr. Suh, clean air would be good, but people working and living a good life and being able to provide for their families would be great! Now, about global warming.....God is in charge of the weather

Sincerely,

(b) (6)

EXECUTIVE SECRETARIAT

To the Honorable Scott Pruitt:

My name is (b) (6), and I am a committee member for (b) (6) within the (b) (6) (b) (6) of the Boy Scouts of America. I am proud to inform you that on October 19, 2016 my (b) (6) achieved scouting's highest rank--Eagle Scout. (b) (6) has been a member of (b) (6) for the past six years, and during that time he has gained many skills that have prepared him for life. He has developed communication and leadership skills by serving in multiple, varied leadership positions within his troop. Through planning and attending camp outs, residence camps and a ten day/seventy-mile wilderness trek, (b) (6) has learned to survive in the wild. (b) (6) Eagle service project was rebuilding and improving a local river access area. He completed stabilization work on the riverbank, cleared and rebuilt every existing structure and trail in the access area, and added a conservation/information kiosk. This made the river safer for kayakers, fishermen, swimmers and for the habitat itself.

On March 3, 2017 we will be conducting (b) (6) Would you please be so kind as to send this worthy Eagle Scout a letter of congratulations? We will see that it is presented to (b) (6) as a permanent reminder of the importance of his achievement. I am sure that (b) (6) will be proud to receive an acknowledgement from you.

In order that we might compile all of his recognition letters/certificates into a special presentation album, we would appreciate it if you would send your correspondence to:

(b) (6)

(b) (6) steady, persistent progress through the ranks to achieve this prestigious award demonstrates his determination to prepare himself for a meaningful, productive role in society. His exemplary performance in Scouting will serve as a beacon to those Scouts who follow him.

Thank you very much for taking time from your extremely busy work schedule to help this community and this unit recognize the personal achievements and service of Eagle Scout

(b) (6)

Yours in Scouting,

(b) (6)

# BOY SCOUTS OF AMERICA®

(b) (6)

Greetings,

This letter has been sent to announce that (b) (6) a scout from troop (b) (6), has achieved the rank of Eagle Scout. (b) (6) is part of the (b) (6) and is directly sponsored by the (b) (6)

For his project (b) (6) collected materials to assemble and then provide one hundred personal care kits to homeless men through a shelter in downtown (b) (6). This scout showed great initiative in contacting unique and diverse organizations to collect the needed items included in the kits.

The recipients were grateful and their lives were improved beyond the simple offerings of the shelter where they were lodged. The troop committee believes that this scout has truly achieved his rank, beyond the merit badges and visible achievements, and has truly shown the meaning of duty to God and country.

We invite you to help acknowledge this achievement with a letter of commendation for (b) (6) to be shared at the Eagle Scout presentation ceremony on his behalf. Thank you for your inspiration to this young man, we all look forward to receiving your good wishes on this occasion. His Eagle Court of Honor is scheduled for Febraury 4, 2017.

Yours in scouting,

(b) (6)

Dear Mr. Pruitt,

The Scouts, Leaders and Committee Members of Boy Scout (b) (6) take great pleasure in announcing that:

Having completed the requirements, and having been examined by an  
Eagle Scout Board of Review

(b) (6)

Was found worthy of the rank of Eagle Scout.

In order to obtain the rank of Eagle Scout, (b) (6) was required to provide leadership through the development and execution of his Eagle Scout Project. (b) (6) constructed a 12' by 12' paver patio at an elementary school that included a fountain. The school benefitted from (b) (6) project by being able to provide an outside venue where the children would not get muddy or dirty.

(b) (6) comes from a military family. His father, (b) (6)

(b) (6)

In honor of (b) (6) achievement, an Eagle Scout Court of Honor will be held on June 24, 2017 in (b) (6)

We respectfully request a letter or certificate acknowledging the achievements of this young man. We will be compiling a commemorative scrapbook which will include all acknowledgements of this special occasion. The scrapbook will be presented to (b) (6) to honor his special occasion.

Thank you in advance for taking time from your busy schedule to help our community recognize the achievements and service of Eagle Scout (b) (6)

Dear Administrator Pruitt,

The Scouts, Leaders and Committee Members of Boy Scout (b) (6) take great pleasure in announcing that:

Having completed the requirements for, and having been examined by an  
Eagle Scout Board of Review  
(b) (6)

was found worthy of the rank of Eagle Scout.

As a Boy Scout, achieving the level of Eagle Scout is our most prestigious accomplishment. To achieve this rank, (b) (6) worked hard with the (b) (6) organization at the (b) (6) was able to raise \$300 in donations, which paid for food and toiletries care packages for 100 homeless people. Along with that, (b) (6) organized a group of volunteers and led them while they all cooked and served the homeless, as well as staying to clean up after the meal.

In honor of (b) (6) achievement, we have scheduled an Eagle Scout Court of Honor for March 18, 2017 at 11:00 AM to be held at the (b) (6)

We are writing to request a letter or certificate from you acknowledging his achievement. Please send this to the address at the top of this letter. We will compile it with other acknowledgments and place it in a commemorative binder to be presented to Scott.

Thank you for taking time from your extremely busy schedule to help this community recognize the achievements and service of Eagle Scout Scott Boyle.

Sincerely,

(b) (6)

Dear Hon. Pruitt:

My name is (b) (6) a volunteer (b) (6) within the (b) (6) (b) (6) Boy Scouts of America. This letter is to ask for your assistance in recognizing (b) (6) (b) (6) of Boy Scout (b) (6) Less than one half percent of the young men in our country achieve this lofty goal.

Would you please be so kind as to send (b) (6) a congratulatory letter, which will be presented to him during a recognition ceremony to be held March 25, 2017, at (b) (6) (b) (6) Please address your letter to:

(b) (6)

All of the congratulatory letters will be compiled, placed in a binder, and after they are read, will be displayed during this special occasion for (b) (6)

*All Eagle Scout applicants must perform a significant service project for their community.*  
(b) (6) service project involved building an informational kiosk at (b) (6) for the honeybee sanctuary for the (b) (6)

Thank you very much for taking time from your extremely busy work schedule to help our community and this unit recognize the personal achievement and service of Eagle Scout (b) (6) (b) (6)

Yours in Scouting.

(b) (6)

## Statement of Ambitions and Life Purpose

My name is (b) (6) and I have been in scouting since I was a Tiger Cub in 2007. My life goal since then has been to achieve the honor of Eagle Scout. Since I joined Cub Scouts, I achieved several milestones. The "halfway" point, if you will, in my scouting career was earning my Arrow of Light Award. I also earned three religious awards in Scouting: God and Country, God and Family, and the Good Samaritan Award. I have earned 38 Merit Badges in my troop, along with earning BSA Snorkeling and Stand up Paddle Boarding. Once I achieve the rank of Eagle Scout, I will continue on to complete my 11<sup>th</sup> and 12<sup>th</sup> grade years at (b) (6) High School. Following high school, I will hopefully attend Virginia Tech's school of Engineering. My long term goal is to become either an Aerospace Engineer or Architectural Engineer. The Scouting program has exposed me to many opportunities. The amount of time that I have given to the Scouting program has molded my life in ways that I could have never imagined. The Scout Oath, Law, and the Outdoor Code have molded me as a person to someone who will want to come back and be a part of the Scouting program. The Scout motto and slogan remind me to always be prepared and do a good turn daily. My goal is to continue involvement in the Scouting program throughout my life either directly or indirectly. I have been in a variety of activities in which I have demonstrated leadership outside of Scouting. In my church youth group, I was the activities coordinator. In this role, I helped implement and plan youth activities both within and outside of the church. I also held leadership roles at school. I served as a team leader for a robotics competition as well as being a mentor and role model for new students in concert and marching band. One of the most influential programs I have been involved in at a camp is the (b) (6) I was both a participant and a staff member in this program. I was a member of the National Junior Honor Society in Middle school as well as being a current member of the National Honor Society in High School. The majority of the awards I earned have been the result of something I did in Scouting. I participated in the (b) (6) a prestigious honor among middle and high school music students. This band was based on nominations from band directors or music teachers. I feel very fortunate to be an active member in the Boy Scouts of America. The opportunities I have encountered through this organization have made me a stronger, more conscientious individual in my troop, community, school, and family.

OFFICE OF THE  
EXECUTIVE SECRETARY

Honorable Scott Pruitt  
US Environmental Protection Agency  
1200 Pennsylvania Ave, NW  
Washington, DC 20460

Dear Mr. Administrator,

The Scouts, Leaders, and Members of the Committee of Boy Scout (b) (6) take great pleasure in announcing that (b) (6) has completed the requirements for, and having been examined by an Eagle Scout Board of Review, that (b) (6) was found worthy of the rank of Eagle Scout.

(b) (6) has been with (b) (6) since March, 2009 and has participated in numerous Troop, District and Council camping events, community service projects, weekly Troop meetings, regular Patrol meetings, etc. He has been a leader in (b) (6) holding various positions, with the most recent being Assistant Scout Master.

(b) (6) Eagle Scout Project consisted of repurposing an unused locker room for a dedicated storage area for the (b) (6). The (b) (6) occupies an area of a local middle school. Because they are sharing space, they were in desperate need for storage appropriated for their needs.

In honor of this achievement, we have scheduled an *Eagle Scout Court of Honor* for Sunday, March 5, 2017 at 1:00 pm to be held at (b) (6). We would appreciate a letter or certificate acknowledging (b) (6) achievement. We will compile it with other acknowledgements and place them in a scrapbook commemorating this special occasion.

Thank you for taking time out of your extremely busy schedule to help this community recognize the achievements and service of Eagle (b) (6).

Sincerely,

(b) (6)

OFFICE OF THE  
EXECUTIVE SECRETARIAT

Dear Hon. Scott Pruitt,

The (b) (6) Boy Scout of America (b) (6) proudly announces that (b) (6) has earned the highest award in Scouting--- the rank of Eagle Scout! (b) (6) was awarded Eagle Scout on December 8, 2016.

An Eagle Court of Honor is planned for April 23, 2017, to present this award. To help commemorate this occasion, I would so very much appreciate a congratulatory letter from you to this very fine young man. Your letter will be presented at the ceremony in recognition of his many contributions to his community and the Scouting program. Your personal letter will not only honor him but will also serve to encourage other Scouts to direct their goals toward the high ideals of Scouting.

(b) (6) project was for (b) (6) which is a non-profit that helps the physically and mentally disabled through therapeutic horseback riding. (b) (6) build two fence lines, two new gates and replaced an old gate. One fence was 135 feet long and one fence was 108 feet long. These fences will allow the horses to roam free when not needed for the therapeutic riding classes. Thank you for your help and support of the youth of our great nation.

Please address your letter to:

(b) (6)

Yours in scouting,

(b) (6)

Dear Honorable Pruitt,

We have the distinct privilege of inviting you to attend an Eagle Scout Court of Honor ceremony for (b) (6) (b) (6) a member of (b) (6). The Court of Honor will be conducted at (b) (6) (b) (6) on Saturday, March 4<sup>th</sup> at 2:00PM, at the (b) (6)

(b) (6) has completed the rigorous requirements for the rank of Eagle Scout and has given outstanding service to his community along the way, including the completion of a major community project as his final requirement. (b) (6) successfully completed his Eagle Board of Review on November 15<sup>th</sup> of 2016.

(b) (6) Eagle Project was successful, he renovated two trails behind the (b) (6) and created an outdoor classroom for Sunday School Classes. The trails are quite extensive, over 210 paces in length. The classroom has a newly build picnic table and the ground is covered in wood chips. The project was completed with 102.5 man hours, and over 27 hours of (b) (6) personal time. (b) (6) is one of those Boy Scouts who has the drive to pursue and achieve the Eagle rank while, at the same time, remaining very active in his community.

Please advise us if you will be attending this Eagle Court of Honor, and/or making a presentation so we may introduce you at the appropriate place in the ceremony. In the event that your schedule will not allow you to attend, we would appreciate your individual congratulations to (b) (6). We are confident he will remember and cherish this occasion as a high point of his life. Please forward your response in care of myself so that I might organize your well wishes with others to be presented at John's Eagle Court of Honor.

Very truly yours

(b) (6)

2/15/2017

Dear Sir:

The only way I can manage to get a pair of gloves on is to eat 2 pieces of bread - spread with butter and drizzled with honey and sprinkled heavily with cinnamon - otherwise the 2nd finger of my right hand folds and locks in place preventing getting a pair of gloves on.

However the EPA refuses to stop the use of weed killers that are killing off our honey bees. I did not see a honey bee all last summer. - The weed killer affects their ability to find their way back to their hives & kills. EPA knows it. I saw bumble bees - no honey bees. Bumble bees do not make hives.

No BEES No HONEY No FRUITS No Veggies  
England stopped the use of the bee killing weed killers last year already. We need to wait 2 years to stop <sup>P!!</sup> By then there will be no honey bees in the United States to pollinate our fruits and vegetables.

Please put a stop to the weed killers!

God bless you Respectfully,

(b) (6)

Many authorities would be unable to walk without pain without honey!  
Already farmers have to hire bee keepers to come and send bees into their fields.

(b) (6)

## Cinnamon and Honey

~ Bet the drug companies won't like this one getting around.~

Facts on Honey and Cinnamon: It is found that a mixture of honey and Cinnamon cures most diseases. Honey is produced in most of the countries Of the world. Scientists of today also accept honey as a 'Ram Ban' (very effective) medicine for all kinds of diseases.

Honey can be used without any side effects for any kind of diseases.

Today's science says that even though honey is sweet, if taken in the right dosage as a medicine, it does not harm diabetic patients. Weekly World News, a magazine in Canada, in its issue dated 17 January, 1995 has given the following list of diseases that can be cured by honey and cinnamon as researched by western scientists:

### HEART DISEASES:

Make a paste of honey and cinnamon powder, apply on bread, instead of jelly and jam, and eat it regularly for breakfast. It reduces the cholesterol in the arteries and saves the patient from heart attack. Also those who have already had an attack, if they do this process daily, they are kept miles away from the next attack. Regular use of the above process relieves loss of breath and strengthens the heart beat. In America and Canada, various nursing homes have treated patients successfully and have found that as you age, the arteries and veins lose their flexibility and get clogged; honey and cinnamon revitalize the arteries and veins.

### ARTHRITIS:

Arthritis patients may take daily, morning, and night, one cup of hot water With two spoons of honey and one small teaspoon of cinnamon powder. If Taken regularly even chronic arthritis can be cured. In a recent research Conducted at the Copenhagen University, it was found that when the doctors Treated their patients with a mixture of one tablespoon Honey and half Teaspoon Cinnamon powder before breakfast, they found that within a week, Out of the 200 people so treated, practically 73 patients were totally Relieved of pain, and within a month, mostly all the patients w ho could not Walk or move around because of arthritis started walking without pain.

### BLADDER INFECTIONS:

Take two tablespoons of cinnamon powder and one teaspoon of honey in a Glass of lukewarm water and drink it. It destroys the germs in the bladder.

### CHOLESTEROL:

Two tablespoons of h oney and three teaspoons of Cinnamon Powder mixed in 16 ounces of tea water, given to a cholesterol patient, was found to reduce The level of cholesterol in the blood by 10 percent within two hours. As Mentioned for arthritic patients, if taken three times a day, any chronic Cholesterol is cured. According to information received in the said Journal, pure honey taken with food daily relieves complaints of cholesterol.

### COLDS:

Those suffering from common or severe colds should take one tablespoon Lukewarm honey with 1/4 spoon

cinnamon powder daily for three days. This Process will cure most chronic cough, cold, and clear the sinuses.

#### UPSET STOMACH:

Honey taken with cinnamon powder cures stomach ache and also clears Stomach ulcers from the root.

#### GAS:

According to the studies done in India and Japan , it is revealed that if Honey is taken with cinnamon powder the stomach is relieved of gas.

#### IMMUNE SYSTEM:

Daily use of honey and cinnamon powder strengthens the Immune system and Protects the body from bacteria and viral attacks. Scientists have found That honey has various vitamins and iron in large amounts. Constant use of

Honey strengthens the white blood corpuscles to fight bacteria and viral Diseases.

#### INDIGESTION:

Cinnamon powder sprinkled on two tablespoons of honey taken before food Relieves acidity and digests the heaviest of meals.

#### INFLUENZA:

**A scientist in Spain has proved that honey contains a natural 'Ingredient' Which kills the influenza germs and saves the patient from flu.**

#### LONGEVITY:

**Tea made with honey and cinnamon powder, when taken regularly, arrests the Ravages of old age. Take four spoons of honey, one spoon of cinnamon powder And three cups of water and boil to make like tea. Drink 1/4 cup, three to Four times a day. It keeps the skin fresh and soft and arrests old age. Life spans also increases and even a 100 year old, starts performing the Chores of a 20-year-old.**

#### PIMPLES:

**Three tablespoons of honey and one teaspoon of cinnamon powder paste. Apply this paste on the pimples before sleeping and wash it next morning with Warm water. If done daily for two weeks, it removes pimples from the root.**

#### SKIN INFECTIONS:

**Applying honey and cinnamon powder in equal parts on the affected parts Cures eczema, ringworm and all types of skin infections.**

#### WEIGHT LOSS:

**Daily in the morning one half hour before breakfast on an empty stomach And at night before sleeping, drink honey and cinnamon powder boiled in one Cup of water. If taken regularly, it reduces the weight of even the most obese person. ;Also, drinking this mixture regularly does not allow the fat to accumulate in the body even though the person may eat a high calorie diet.**

#### CANCER:

**Recent research in Japan and Australia has revealed that advanced cancer of the stomach and bones have been cured successfully. Patients suffering from these kinds of cancer should daily take one tablespoon of honey with one teaspoon of cinnamon powder for one month three times a day.**

#### FATIGUE:

**Recent studies have shown that the sugar content of honey is more helpful rather than being detrimental to the strength of the body. Senior citizens, who take honey and cinnamon powder in equal parts, are more alert and flexible. Dr. Milton, who has done research, says that a half Tablespoon of honey taken in a glass of water and sprinkled with cinnamon powder, taken daily after brushing and in the afternoon at about 3:00 P.M. When the vitality of the body starts to decrease, increases the vitality of the body within a week.**

#### BAD BREATH:

**People of South America , first thing in the morning, gargle with one teaspoon of honey and cinnamon powder mixed in hot water, so their breath stays fresh throughout the day.**

#### HEARING LOSS:

**Daily morning and night honey and cinnamon powder, taken in equal parts restore hearing. Remember when we were kids? We had toast with real butter and cinnamon sprinkled on it!**

Our Lady of Medjugorje's (Jesus' Mother's) prayer  
for atheists with 5 promises of Her help and  
protection for all who will honor Her request and  
pray Her prayer

(b) (6)

A prayer of protection;

Our Lady of Medjugorje gave five wonderful promises  
to those who pray for atheists, those  
"who have not come to know the love of the Heavenly Father."

**The promises are:**

1. "I will strengthen you."
2. "I will fill you with my graces."
3. "With my love, I will protect you from the evil spirit."
4. "I will be with you."
5. "With my presence, I will console you in difficult moments."

**The Prayer**

"In the Name of Jesus,  
Who said that anything we ask in His name  
will be given to those who believe,

I ask that those who have not come to know  
the love of the Heavenly Father  
will be blessed with the knowledge  
that they are loved by Him  
beyond all human reasoning and understanding.

Please grant them the gift  
to feel His love as it enfolds them  
to such an extent that they will be unable to resist or deny it.

May the knowledge of the Heavenly Father's infinite love  
stir within their hearts  
the desire to return that love to Him,  
and to reflect it to all others.

May their lives be a pure reflection of His resplendent love.

I ask this in the Name of the Father, and the Son,  
and the Holy Spirit,  
through the Immaculate Heart of Mary.  
Amen."

REC

Dear Mr. Pruitt,

My name is (b) (6) and I am a high school freshmen at (b) (6)

(b) (6) For the past five years, I have worked to raise awareness and combat pollution across the globe. Whether it be through building infrared motion detectors to protect the rainforests of Papua New Guinea, adopting an autonomous and fully electric car into the family, or implementing solar panels into architectural designs throughout the Bay Area, I have taken small steps towards a sustainable future. I urge the next United States government administration to ensure a global transition towards clean energy sources within the next decade because it will keep the United States relevant in rapidly changing global landscape, create promising industries and jobs, and grow the American economy exponentially in the decades to come.

According to Bloomberg New Energy Finance, solar has become the cheapest form of new electricity. In transitioning economies across the world, solar is being adopted as a cheaper alternative to coal. In August of 2016, a sustainable energy deal in Chile pegged \$29.10 per megawatt

hour; that's nearly half the price of the coal competitors! While in the United States where renewable energy alternatives are competing against billion dollar fuel plants, developing economies across the globe are implementing solar energy as the cheapest and cleanest new alternative. Bloomberg predicts that an oil crisis will occur in the next decade in which 2 million barrels are displaced per day! The United States needs to respond and anticipate growing demand for sustainable energy resources simply because they are cheaper.

Partnering with other countries will indirectly help the economy. We must work with nations like Brazil and India to ensure that their transition to an electric grid leads to the implementation of sustainable means of energy production. The United States has an opportunity to be a leader in this cause, while also developing our relationships and trading partnerships with other countries.

You have said that "Healthy debate is the lifeblood of American democracy," and I absolutely agree (Forbes 2016). In the next decades, we must debate and come to understand that coal is outdated, dirty, and inefficient. Natural gas, however, will soon be obsolete too, because solar is undoubtedly the cleanest, cheapest energy of the future. Implementing sustainable power plants will create millions of domestic jobs in addition to preventing us from falling behind our competitors: China and the European Union, who presently plan to spend a combined 500 billion dollars on sustainable energy by 2020. The world is transitioning towards safe, efficient, and sustainable means of energy production.

Whether or not you accept the realities of climate change, investing in clean energy sources such as solar, nuclear, or wind power will grow American industry, infrastructure, and technology.

Thank you for taking the time to read my letter.

Sincerely,

(b) (6)

Scott Pruitt, Department of the Environmental Protection Agency  
1200 Pennsylvania Avenue N.W.  
Washington, D.C. 20024

Congratulations on your confirmation to lead the Environmental Protection Agency under the Trump administration. Under your care you have the awesome responsibility to put into place the practice of protection of the natural environment on individual, organization controlled or governmental levels, for the benefit of both the environment and humans.

The ratification of the Paris Accord on Climate Change acknowledged the damaging effects of industrialization on the environment and made tremendous strides to put measures in place to reverse the damage that has been done and to protect the environment for our children and their children's children.

I am concerned that under the Trump administration America's obligations to cut fossil fuel emissions will be ignored. Although it is more than halfway to meeting its own target of cutting emissions 26-28% below 2005 levels by 2025 it is widely expected the U.S. will miss the mark.

I'm requesting that you support three specific initiatives:

1. Clean Power Plan
2. Support the implementation of the Paris Accord
3. Actively counsel the President on the importance of greenhouse gas emissions controls

Sincerely,

Scott Pruitt  
EPA Headquarters, 1200 Pennsylvania Ave  
Washington, District of Columbia, MD

Dear Mr. Pruitt,

I am a high-school senior in Oregon, and am writing to implore you to consider the state of the future of humanity. It is a big question, I know, but it is something I feel needs to be addressed. More specifically, however, I am talking about preserving the environment; something that I feel is closely linked to our survival.

As I have become more and more involved in America's political situation in the recent presidential election, so have I become more and more interested in how the country's new leaders will handle this ever present issue of climate change. I hope both the new legislation is able to see the future's potential, and I hope that in the next few years there will be a focus on a cleaner Earth rather than maximum profit.

A clean environment is critical for a number of reasons, but I will only address that which I feel to be the greatest one. The Earth's climate should take priority over every other issue at hand because it will be the longest running problem if it is not addressed. In other words, other problems fixed now are pointless later if there is nowhere for those that fixed them to live, if that makes sense. I realize that it is a sort of doomsday perspective, but I think that it carries my message well.

Thank you for reading

**Sent:** Friday, February 24, 2017 10:29 AM  
**To:** Pruitt, Scott  
**Subject:** Dodge Ram 1500 EcoDiesel emissions certification issue

Dear Mr. S. Pruitt

I hope this email finds you well.  
On November 2016, I placed an order for a 2017 Dodge Ram 1500 equipped with a 3.0 L EcoDiesel engine through a Dodge dealership.

I was advised the truck will be ready by the beginning of February. I followed that timeline so I can sell my truck on time for delivery of my new Dodge Ram. I went ahead and sold my truck on the 10<sup>th</sup> of January and 2 days later was informed of the emission accusation case against FCA.

I am an electrician who runs a business for a living, and my truck was my main tool. I am now left in a very difficult situation because I am not able to run my business without a truck. I am very behind schedule on my work which is really hurting my business. I was hoping that by now I would have my brand new Dodge Ram EcoDiesel and would be able to continue running my business as usual.

I cannot get any reliable or helpful information on this matter from any source.

Please kindly advise me how much time it will take to solve this issue of the EPA certification on emissions of EcoDiesel engines.

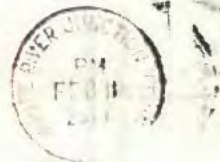

Looking forward to hearing back from you.

Best Regards,

Dear Hon. Scott Pruitt,

Eagle Scout Matthew (b) (6) has earned the Boy Scout of America Eagle Scout Award.

He will be recognized on Saturday April 8, 2017 at 2:00 p.m. at The (b) (6)

(b) (6)

You are invited to this ceremony.

(b) (6) who is a member of (b) (6) for the past 4 years, has achieved the rank of Eagle Scout. (b) (6) is in the (b) (6)

He earned his Eagle Scout, scouting highest rank on February 15, 2017. (b) (6) is one of approximately 4 percent of all Boy Scout who attain this rank of Eagle. Each Eagle Scout must earn 21 merit badges, show leadership, successfully complete a community or church related service project to complete his Eagle Scout requirement. (b) (6) project was to design and build an informational kiosk at (b) (6) for a newly established trail.

This project took over 200 hours to complete. He completed this project in June 2016.

Would you please be so kind as to send this worthy Eagle Scout a letter of congratulations, along with any other items you wish to be presented to him during his Court of Honor? I am sure (b) (6) will be proud to receive an acknowledge from you. All of the recognitions and letters will be complied, placed in a binder and be on displayed during this special occasion for (b) (6)

Please address your letters and recognitions to:

(b) (6)

(b) (6) Has been a scout since 2009 starting in Cub Scout and he has worked his way up to the rank of Eagle. He has held the position of patrol quartermaster from 2003 to present. He is in charge of all camping equipment, replacing or repairing as needed.

(b) (6)

Thank you very much for taking time from your extremely busy schedule to help this community and this unit recognize the personal achievements and service of Eagle Scout

(b) (6)

Yours in Scouting,

Re: Eagle Scout Recognition

Dear Administrator Pruitt:

I am an adult leader for Boy Scout (b) (6). Next month, Troop members (b) (6) shall be awarded the rank of Eagle Scout. It would add a great deal to the occasion if you would send congratulations to (b) (6) on this very special event in his life.

For their respective Eagle Scout Service Projects, the Scouts performed the following: (1) (b) (6) supervised the refurbishing of a water well and pump, as well as the structure around the well, at a local conservation club; (2) (b) (6) built a pavilion at a municipal park; and (3) (b) (6) built a retention wall at a local conservation club. The projects took hundreds of man hours to complete.

Please address your letter to the Scoutmaster, (b) (6), as follows: Mr. (b) (6)  
(b) (6)

Thank you for your kind attention to this request.

Sincerely,

(b) (6)

20460--

January 27, 2017

Dear Friend of Scouting,

My name is (b) (6) a volunteer and (b) (6) within the (b) (6) (b) (6), Boy Scouts of America. This letter is to ask for your assistance in recognizing the achievements and service of (b) (6) residents of this community and members of (b) (6)

Would you please be so kind as to send (b) (6) letters of greeting, along with any other items you wished to be presented to them during a recognition ceremony to be held February 26<sup>th</sup>, 2017 at 11:00am at (b) (6)

All Eagle Scouts are required to plan, manage and conduct a service project in addition to exhibiting other leadership qualities. These young men coordinated the following service projects.

(b) (6) planned, managed and conducted a clean up day at our local (b) (6) (b) (6) is home to over 150 species and a major migratory stop for birds. The woods are well utilized and people aren't careful about taking their garbage with them. Under (b) (6) leadership we removed over 40 bags of trash and debris from the woods.

(b) (6) planned, managed and conducted the replacement of a roof in a garden shed at a community garden. He obtained all the materials required, managed the volunteer help and physically installed the roof with fellow scouts.

(b) (6) planned, managed and conducted significant improvements to a Community Garden, adding benches that the scouts built and other flower boxes and planting containers.

Please address your letter and recognitions to Eagle Scout (b) (6) Eagle Scout (b) (6) and Eagle Scout (b) (6) respectively, in care of the following address. All the letters and recognitions will be compiled in a scrapbook for each Eagle Scout that will be displayed during this special occasion for (b) (6) (b) (6)

(b) (6)

Thank you very much for taking time from your extremely busy work schedule to help this community and this unit recognize the personal achievement and service of Eagle Scouts (b) (6) (b) (6)

Sincerely,

(b) (6)

**To:** Pruitt, Scott  
**Subject:** This is our moment to help Appalachian communities at risk [WARNING: SPF validation failed]

Dear Mr. President and staff,

Mountaintop removal coal mining continues to encroach on communities across central Appalachia. These communities are experiencing higher poverty rates, higher levels of water pollution, and higher rates of health impacts because of mountaintop removal. This is the Trump administration's moment to change the story. This is the Trump administration's moment to end mountaintop removal coal mining and create a bright, sustainable future for Appalachia.

Please end the tragedy of mountaintop removal and help bring new hope and prosperity to Appalachian mining communities by doing these four things:

- 1) Stop mountaintop removal: Immediately end permitting of new mountaintop removal mines.
- 2) Enforce the law: The coal industry has routinely ignored the Clean Water Act and the Surface Mine Control and Reclamation Act, while state agencies that enforce those laws have turned a blind eye. Your agencies must increase oversight of the permitting and enforcement programs in Virginia, Kentucky and West Virginia to ensure they protect public health and adhere to the law, or else rescind those states' primacy to administer their own mine and water permitting programs.
- 3) Issue a conductivity rule: We need federal water quality standards for conductivity, not merely guidance or recommended criteria, so that state regulators will provide the protections guaranteed by the Clean Water Act and by SMCRA. Without this rule, stream health will continue to be compromised and species will continue to be extirpated until our streams are simply dead.
- 4) Continue to support a just transition for mining communities: Instruct the Appalachian Regional Commission and the U.S. Department of Agriculture's Rural Development Fund to invest in entrepreneurs, infrastructure and sustainable development in Appalachia, and work with Congress to increase Abandoned Mine Land funds for Appalachian states and ensure the fund won't expire in 2021.

Sincerely,

(b) (6)

**From:** Mark Gambrel (b) (6)  
**Sent:** Saturday, February 25, 2017 4:10 PM  
**To:** Pruitt, Scott  
**Subject:** EPA Emissions Regulations

Dear Mr. Pruitt

I am a concerned citizen and would like you to know my concerns on the EPA automotive regulations. I think that the auto industry should be focused on alternative energy like Hydrogen Fuel-cells and fully electric automobiles. I also believe that the emissions standards should stay as they are or even raised. I think that lowering the emissions standard is a bad move to make in this economy. The money we spend subsidizing oil, gas, and coal is to much and focusing on solar, wind and, hydroelectric is what we should do instead it is cheaper and will save the country a lot of money in the long run. Thank you for your time.

**From:** (b) (6)  
**Sent:** Saturday, February 25, 2017 8:18 PM  
**To:** Pruitt, Scott  
**Subject:** ethanol fuel for automobiles

Congratulations on your appointment! I would like to ask you to please consider the amount of ethanol which is currently being used in gasoline fuels for gasoline engines in use on the roads in this country. The use of 10% ethanol does create drivability issues in gas engine vehicles especially in hot climates. It is also very corrosive causing substantial costly repairs. In addition vehicle mileage is considerably reduced by the addition of ethanol.

Would it be possible to either eliminate or greatly reduce the percentage of ethanol in gasoline fuels for public use? If not can we get more gasoline outlets that would carry non-ethanol gas at an affordable price? Thanks for your consideration. (b) (6)

**From:** (b) (6)  
**Sent:** Sunday, February 26, 2017 9:57 AM  
**To:** Pruitt, Scott  
**Subject:** Chemtrails

Dear Director Pruitt,  
My name is Professor (b) (6) I am currently on sabbatical. I taught at the university level in both undergrad and graduate levels for approximately four years. I instructed non traditional students in the real estate development and urban planning areas.  
Now that you are leading our EPA how about a great start in cleaning our air by removing the daily Chemtrail spraying from aircraft? I am former US Air Force and I do know the difference in vapor from natural jet fuel contrails and the release of chemical substances from Chemtrails.  
I believe Obama has used this spraying for climate change and it has, according to some sources, many harmful and cancer causing agents. It also affects our plant life for garden growing and we all, including you, are breathing it.  
I can start out the day with a clear and sunny blue sky and then it appears a dozen or so aircraft start spraying and in three hours the whole sky is overcast. Many Americans know about this deceptive spraying. We are not conspiracy theorists but use factual and empirical evidence to support our claim.  
I am sure you will find it hard to discover who is doing this because the chemicals have been mixed in jet fuel and additionally sprayed by both military and private C-130 type aircraft. I include a photo.  
Would you please stop the Chemtrails?  
Thank you for any effort.  
Sincerely yours,

Mr. Pruitt:

I know you think Climate Change is a joke, but it's not. Yeah I know this information is coming from a eleven year old, but Iam probably more caring about Climate Change you realize. Polar bears are dying because of this huge problem, and it's not just because of America. The whole world is slowly going away because of climate change, but nobody sees it! And I think we should stop climate change. I think that you care about America and the world so do you do something about it .

Climate Change is a huge problem but do you know what climate change is ? Climate change is gases from the factories that can't get out of Earth pollution and That's why a lot of people have asthma . Also if you buy cheap things it ends up breaking an you go back so don't sell cheap things and you're saving the world . There's also a big amount of oil drills and that means BOOM !!! because to get oil you have to explode the ground to put in the oil drill which causes money and also climate change because the explosive.

Sincerely,

(b) (6)

Environmental Protection Agency  
1200 Pennsylvania Avenue, N.W.  
Washington, DC 20460

Dear Mr. Pruitt,

I am sending this letter because of orcas. They are an endangered species. Their numbers have dropped a lot. We need to do something. There are many things that disturb the orcas.

One thing that disturbs the orcas is the boats. All the boats disturb the orcas' echolocation. Without their echolocation it is harder for them to hunt. They also are very loud to the orcas and other animals. If there were fewer boats, I think it would really help the orcas.

Another thing that is not good for the orcas is the salmon level. Orcas need to eat a lot. If they do not eat a lot they starve. The salmon level has dropped from thirty million to three hundred thousand. Without a lot of fish we have fewer orcas.

We would appreciate anything you could do. If you could do something about the boats, that would be really nice. If we could do something the population of the orcas might grow. Please see if you could do anything. Thank you for listening to my ideas.

Sincerely,

HEAR OUR  
VOICE

To Scott Pruitt,

Please remember that our environment is more important than profits. Jobs are important, but our planet is more vital.

Renewable energy sources are vital for our future.

Please protect our environment.

## BOY SCOUTS OF AMERICA

(b) (6)

RECEIVED  
2017 FEB 27 PM 3:11  
OFFICE OF THE  
EXECUTIVE SECRETARIAT

February 2, 2017

(b) (6) will have the honor of presenting (b) (6) with his Eagle Scout Badge. As you know, this is the highest award a scout can receive. Few boys move up through the ranks of scouting. Only a handful makes it all the way to Eagle.

As a Boy Scout, (b) (6) has earned 33 merit badges and performed numerous hours of community service. For his Eagle Scout Project, Daniel planned, developed and supervised the renovation of the parking lot at the (b) (6) n (b) (6)

This letter is to ask for your assistance in recognizing the achievements and service of (b) (6) a resident of this community and a member of Troop 3. Would you please be so kind as to send (b) (6) a letter or certificate acknowledging his achievement, along with any other items you wish to be presented to him during his Eagle Scout Court-of-Honor, which will be held on Sunday, June 4, 2017. If you would like to present your certificate in person, please contact (b) (6)

Please send your letter(s) and recognition(s) to:

(b) (6)

Thank you.

Sincerely,

(b) (6)

Dear Scott Pruitt

I'm part of the #WomensMarch movement.  
I'm from Rockville, MD  
and I'm concerned about

## CLIMATE CHANGE

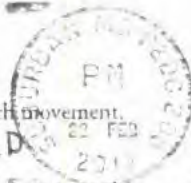

Here's why:

Regardless of who or what you think  
causes climate change, the  
evidence shows that it is happening.  
It is hurting, PHYSICALLY HURT-  
ING, US citizens right now. It is  
a moral imperative to work against

In the first 100 days of the new environmental  
administration, I hope that you understand  
and take these concerns seriously. degradation  
and continuing climate change.

FCL 20360824

Dear Administrator Pruitt,  
As an active member  
of my community, and  
concerned American, I just  
wanted to wish you the  
best of luck in your new  
role, and hope that you use  
this opportunity to strengthen  
the EPA protections that  
keep our people healthy, our  
land productive, and our waters  
clean. Best, (b) (6)

In 1902, Theodore (Teddy) Roosevelt refused to shoot a helpless bear during a hunting trip in Mississippi. The story spread quickly and a store owner in Brooklyn was inspired to make stuffed bears. He received the president's permission to name his toys Teddy Bears.

**FUN FACTS**

"Living Flag," former 10,000 coins  
at the Great Lakes Naval Academy. Composed and  
photographed by Moore and Thomas in 1971.

Dear Mr. Pruitt,

As a native Oklahoman &  
native American (Choctaw) I  
would ask that you be true  
to the mission of the EPA  
& protect our environment at  
all costs. Our planet is too  
precious to be decimated by  
private interests.

Sincerely,

(b) (6)
